## LOCATION

Situated in the heart of Tarragona

Port Plaza Apartments are ideally placed for reaching all the main areas of the city on foot.

We are near the port and El Miracle Beach and just a few metres from the railway station and the Congress Palace. Tarragona's main shopping area, La Rambla and El Serrallo fishing quarter are all barely a five-minute walk away.

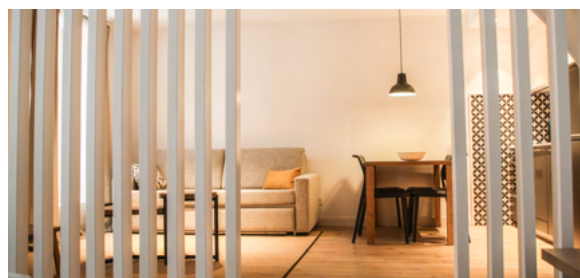

## SITUATION

Tarragona, the capital of the Costa Daurada: a port city open to the Mediterranean that will surprise you both for its surroundings and its history and culture.

The city of Tarragona was built overlooking the Mediterranean on the ruins of ancient Roman Tarraco. It offers both spectacular modern architecture and impressive archaeological remains declared UNESCO World Heritage in 2000.

Roman Tarraco, the cathedral, the historical quarter, La Rambla, the Balcony over the Mediterranean and the El Serrallo fishing quarter are just some of the places of interest you can easily walk to from our apartments.
